Membership and future of club

- Members then had a discussion with Mark Huddleston looking at various options for attracting new members, including a possible information evening and how this may be run.

A Message from President Euan

With our new look club we have decided to hold a partners night on the last Wednesday of each month at the Kensi Hotel. The cost for the meal is \$20.00. We believe the standard of food at the Kensi is good and have been able to negotiate a good price. As members know we always charge more than the actual cost of the meal to cover the raffle, speaker's meal and our Centurion membership contribution to the Foundation. Selwyn will be on the registration desk as usual and will take your orders at the door.

I have invited a number of guests as potential members and if you have any friends you would like to invite they would be most welcome. The room holds up to 55 people. Could you also let me know if you can't attend?

Our guest speaker is Kath Larwood. Kath returned last weekend from two weeks in East Timor where she led the second phase of the Vocational Training Team to improve the teaching of English in that country. We sent a team of three to visit a number of schools, catch up with the team members who were here in April and to run a series of workshops for teachers of English. She will give a first-hand account of the school system in East Timor and the challenges that have to be faced. Kath is a lecturer in English proficiency at the Elizabeth Campus of TAFE.

For those unable to make our lunchtime meetings at the Manto, these working meetings are proving to be very successful. Today we began our planning for a new member information night which we plan to hold in a couple of months' time.

Roger Lang is home today with his new hip and is walking with a stick so that is a really speedy recovery after only 5 days in hospital. So we wish him a continuing speedy recovery. He expects to be able to drive again in 5 weeks.

Meeting Closure

President Euan thanked all for their attendance and closed the meeting at 2.10pm

Extracts from "The Herald"

Malaria is a potentially fatal blood disease caused by a parasite that is transmitted to human and animal hosts by the Anopheles mosquito.

Mosquito nets treated with an insecticide are very effective to help keep mosquitoes away from people, and thus greatly reduce the infection and transmission of malaria.

Those most at risk in Papua New Guinea cannot afford the cost of treated nets, so they need your help. Malaria greatly reduces productivity, so help these people help themselves.

"Adopt a village" and keep this lad malaria free.
